"The Lyreco project demanded a reliable turnkey installation that would be fit for purpose for years to come. To achieve this aim, we needed a module manufacturer renowned for innovation, quality, sophistication and durability which led us to partner with Trina Solar."

James, Project Manager - Lyreco Energy

As a result of a long and successful partnership with Trina Solar, Lyreco Energy has installed a 3.811 MW PV system at the Lyreco Distribution Centre in Walsley, UK.

The system consists of 13,860 Trina Solar TSM-DC05A.08 H M 275W modules, which will generate 3,200 MWh of clean energy per year.

The system is a 5-year warranty, 18% efficiency, PERC technology, which will generate 3,200 MWh of clean energy per year.

Consisting of 13,860 Trina Solar TSM-DC05A.08 H M 275W modules, the system will generate 3,200 MWh of clean energy per year.

For more information, please contact Trina Solar at 1,700 530,000 or visit our website at www.trinasolar.com.

Trina Solar is a leading manufacturer of solar modules, providing high-quality, reliable, and durable solar solutions for a wide range of applications.
